

Power meets purpose

The new Kia K2 series

Movement that inspires

We are
Motus

Organised with a multifunctional
centre console

* Images may show features not available in South Africa and are included for illustrative purposes.
Specification varies by model. Please consult your Kia dealership to confirm all specification.

Multifunctional centre console

For the organisation of small miscellaneous items. The front centre seatback folds down to reveal a multifunctional console for practical storage, in addition to a storage space within the centre console.

2025 K27 series shown in various trims with optional features. Not all colors, color combinations, and optional features can be equipped on all trims. Some colors and option selections may include, exclude, or require the purchase of additional options and packages. Limited inventory available.

Engineered for efficiency

Power without shortages. People rely on you. The K2-series feels the same way. Making sure it never lets you down was the first thought in the minds of the Kia engineers. The K2700 has the perfect workhorse engine - a 2.7 litre, 4-cylinder, J2 diesel power plant that delivers 62kW of power at 4150 rpm and 165 Nm of torque at 2400 rpm. The K2500's 4-cylinder DOHC 16-valve turbo engine is even more powerful and delivers 96 kW of power at 3800 rpm and 255 Nm of torque between 1500-3500 rpm.

Glove box.

Offers convenient storage solutions for small items while providing up to 11 litres of total space.

Cargo space.

The K2700 has a 2 810 mm long deck and 1 630 mm wide bed, giving you abundant loading capacity. The railed truck bed has a low height of only 733 mm for easier access when loading and unloading.

Work in comfort.

Covered rear gate chain

Hard work isn't a one-day affair. That's why we have a wraparound cover to protect the chain from corrosion and maintain lifelong use.

Folding-type stopper

Safely props up longer items that extend beyond the bed

Everyday essentials

Front open panel. Allows you to easily check fluid levels and refill when necessary.
